

## Dates and phases of the works\*

- 1 **Start of the 1st phase : 03/04/2023**  
This phase will take place Avenue Van Volxem between numbers 334-290.
- 2 **Start of the 2nd phase : 17/07/2023**  
This phase will take place Avenue Van Volxem between numbers 290-242.

**Estimated duration of the works\*** **140** working days

### Traffic and parking

As the works progress, the street will be temporarily closed and opened to local traffic only. Parking will also be affected. Please comply with the signage in place.

### Private garages

Access to private garages will be temporarily disrupted as the works progress.

### Bins

The collection of your household waste will take place as normal. If your home is in the works area, place your waste outside the works area and in a place accessible to Bruxelles Propreté trucks.

### Unpleasant odours

The technique used by VIVAQUA to renovate the sewers means that work can be done without opening up the roads. The impact of works on local residents is therefore more limited. However, this technique can cause unpleasant odours but without risk to your health. Ventilate your home well.

Do you have a question about these works? Our colleagues are available on 02/518.85.24 (from 8:30 a.m. to 4:30 p.m.) or by email to [info.works@vivaqua.be](mailto:info.works@vivaqua.be).  
In the event of a technical emergency, VIVAQUA can be reached on 02/739.52.11.
